

# ADVANCED DRIP IRRIGATION COURSE

*Agriculture Victoria is running a one-day workshop for irrigators. Get the latest information on drip irrigation system design, operation and maintenance*

## TOPICS:

- System specifications – understanding designs and specification sheets
- System monitoring – measuring pressures and discharge
- System maintenance – flushing, chlorination, acid injection.

## PRESENTERS:

- Jeremy Giddings (Agriculture Victoria)
- Peter Henry (Netafim Australia).

Bring your irrigation design with you on the day.

Come prepared to spend some of the day outdoors assessing a drip irrigation system.

**WHEN: 14 SEPTEMBER 2022 9AM – 4PM**

**SHAMROCK HOTEL, NUMURKAH**

5-13 Melville St, Numurkah

## REGISTER WITH:
